i didn’t mention it at the time because frankly, who cares about fake walmart blogs? but in this context the significance is more clear

laurens catelan lists the names of a dozen foremost medical authorities who had not only used the alicorn in their practice but had praised it in their writings

enforcement is aimed at ensuring that the operator and his driver comply with undertakings and other requirements of road traffic law

frank pallone (d-n.j.) over the social-media-savvy newark mayor in the battle for the democratic nomination in the special election to replace lautenberg.

and she was cool. we had resistance to nearly every name we came up with for our first
